A worthy investment

Since 1982 the International Theological Seminary has been training church leaders from the Majority World most whom returned to their countries after graduation and have made a powerful impact on their own people. With the generous gifts of our faithful partners, ITS has been providing scholarships to our students who could not afford a quality education.

As we look ahead, we have established a Ten-Year Plan for the expansion and development of the campus. Our hope is to raise $1 million a year for ten years for our expansion program. This Ten-Year Plan is divided into three stages. The goal of our first stage is to raise $1 million by the end of 2013 to purchase and upgrade our current facilities.

Would you prayerfully consider partnering with us in this Ten-Year plan?
